

# Perfect jamb alignment, in seconds.

- Fast, easy and precise adjustment of door jambs
- Replaces slow packers and wooden wedges
- Usable with one hand
- Wide range of adjustability
- Less plastic waste
- Works like a zip-tie

Attach five base wedges to door frame on one side.

Insert top wedges. Push until the wedges click into place.

Add door jamb, then pull or push tabs to quickly adjust spacing. When done, snap the tab off.
